Motion to reconsider denial of relief Jan 19, 2023

Re: Case # 22-12445-amc
Aundra Fields

Dear Honorable Ashely M. Chan,

I'd like to first apologize for my negligence in missing my hearing that was scheduled for 12/13/22, but because I'd reached an agreement with Mr Fields and his attorney I was clear that my motion for relief would be denied. However I was not clear on my recourse for if Mr. Fields failed to hold up on his part of the agreement. Now here we are, he has failed to submit even his current month's rent, let alone the portion promised to pay to cover his delinquency.

I am requesting a hearing to stop the bleeding and simply regain possession of my property.

Thanking You in advance,
Charlena E. Ward
